EDUCATION

Manipal Institute of Technology, Manipal

B.Tech, Artificial Intelligence & Machine Learning | CGPA: 8.3 / 10 | 2022 – 2026 (Pursuing)

Relevant Coursework: Machine Learning, NLP, Deep Learning, Python Programming, Statistics

TECHNICAL SKILLS

Languages: Python, R (basic), SQL, C

ML/AI: Scikit-learn, TensorFlow, PyTorch (beginner), HuggingFace, LangChain (basic)

LLM Tools: OpenAI API, Claude API (used in projects), basic prompt engineering

Tools: Git, Jupyter, Google Colab, Streamlit, VS Code

Cloud: GCP (basic — used Colab Pro & GCS); no formal cloud cert yet

EXPERIENCE

AI Research Intern (Part-time, Remote) — StartupX Labs

Aug 2024 – Nov 2024

- Helped build a basic LLM-powered HR FAQ agent using LangChain + GPT-3.5; handled ~200 queries/day.
- Wrote and iterated on prompts for classification and structured output tasks — documented all prompt versions.
- Note: startup shut down; no formal experience letter available.

PROJECTS

FinBot — AI Agent for Finance FAQs [Python, LangChain, OpenAI, Streamlit]

- Built a simple ReAct agent that answers personal finance questions using tool use (calculator, web search).
- Integrated memory to maintain conversation context across 10-turn dialogues.
- Documented architecture decisions and prompt design in a GitHub README.

SentimentScope — Twitter Sentiment Analysis [Python, BERT, FastAPI]

- Fine-tuned DistilBERT on 15k tweet dataset; achieved 83% accuracy on test set.
- REST API with FastAPI; basic Streamlit dashboard for live search analysis.

StudyBuddy — RAG-based Study Assistant [Python, LlamaIndex, Claude API]

- Lets students upload PDFs and ask questions; uses vector search + Claude for answers.
- Tested with MIT OpenCourseWare PDFs; presented in college AI club showcase.

CERTIFICATIONS

- LangChain for LLM Application Development — DeepLearning.AI, 2024
- Building Systems with the ChatGPT API — DeepLearning.AI, 2024
- AI For Everyone — Andrew Ng, Coursera, 2023

ACHIEVEMENTS

- Top 10 — Smart India Hackathon 2024 (NLP track, out of 800+ teams)
- Speaker — MIT Manipal AI Club talk on 'Prompt Engineering Basics', Feb 2025
- LeetCode: 280+ problems solved (Rating: ~1310) — not a DSA-focused profile
